FairPoint Unlimited In-state phone service

- Crystal clear service that works even during power outages, unlike digital phone service‡
- All your calls in-state are free; no need to count minutes or commit to a long-term contract like a cellular plan
- Add your favorite calling features; Caller ID, Call Waiting and Home Voice Mail for just \$5 more per month

FairPoint High-Speed Internet service

- A dedicated Internet connection[§]
- Comes with up to 9 email accounts and up to 10MB of personal web space
- Up to 250MB of online backup and storage
- FairPoint Security Suite, featuring the latest anti-virus, anti-spam and online fraud protection, included for FREE

For \$5 more you can have your favorite calling features too

Caller ID: shows the name and number of the person calling you and gives you the opportunity to screen calls before you answer.

Call Waiting: alerts you to an incoming call when you're already talking on your telephone.

Home Voice Mail: lets you access messages from anywhere, at any time, from a touch-tone phone.

Enhance your online experience

You can add these powerful extras to your high-speed Internet service.

FairPoint Online Backup and Sharing: gives you up to 50GB of additional secure server space to store your important photos, music, files and more.

FairPoint Games on Demand: is a monthly subscription-based service that gives you access to more than 1,300 online games.

FairPoint Premium Technical Support: provides superior support and technical guidance for all of your PC-related concerns. Call for details.
